

DOUGLAS JAMES MITCHENALL

Founder Member and President 2001 – 2002

Doug was born in 1924 at Durrington in Wiltshire.

He was married with 1 child.

CAREER HIGHLIGHTS

1946	Together with his brother he set up Mitchenall Bros Ltd., which he ran as Managing director for 23 years.
1969	He set up a new company together with the Rickman Bros. This was called M.I.R.I.D. (Rickman Engineering Ltd).
1970	Doug set up Eland Mitchenall Ltd.
1990s	Retired

All of Doug's businesses manufactured Fibreglass and GRP products which were used to provide streamlining on production motorcycles.

The first of these products was the Avon Fairing, a handlebar mounted windscreen which was faired from the headlamp back around the handlebars.

During the 1950's he worked with the Rickman brothers developing the Mettisse Range of scrambles machines, Doug designed the frames, fairings and mudguards.

Doug died in December 2002.
