Dear Member,

The Club 25th Anniversary Run
16th - 18th Sept. The Manor House Hotel Fowley Down
Oakhampton Devon

It is with considerable pleasure that we are able to present this unique commemorative album to celebrate our 25th Anniversary this Autumn 1988.

You will readily appreciate that this compilation is in itself a very historic folio, covering the particular period that has seen so many changes in motorcycle concept and design and the many dedicated club personalities who have contributed so much to the cause of powered two wheels.

Here we are then, 25 years on, with 'The Club' healthy as ever ready for the next phase of 25 years.

Acting as your Hon. Secretary for many years I had the privilege of maintaining and building up our archives and photographic records. Many early prints are without negatives and later prints and negatives have been produced by those members who had cameras at the ready, including myself as official photographer.

Whilst several albums and montage displays have regularly been on view at club runs, I have always felt that a composite album embracing the life and flavour of all those years, would be appreciated by each member for permanent retention. This, gentlemen, is the joint concept of Dennis Bates and myself stemming from the commitment I made at the Lyme Regis Meeting last Spring.

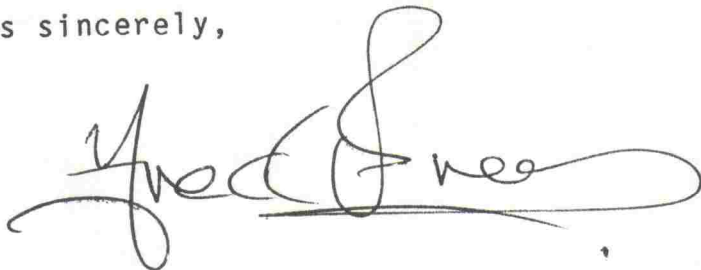

continued.....

A true labour of love, with considerable help from your Committee, superbly scripted and captioned by Dennis Bates, using combined knowledge of past Chairmen (Peter Sheen and Wilf Harrison) not to mention the full support of the Hon. Secretary 50th Run Organiser, Tom Waterer, whose charming wife Vivian and family of three helped for a whole day collating and pasting up the many pages contained herein.

We all trust you will treasure this folio and re-live the many happy memories of truly super runs to so many varied locations and the fellowship we have all enjoyed over the years. Your Committee are pledged to add a page or two on future runs with selected photographs and appropriate copy. Your contribution with prints and negatives to Hon. Secretary will be greatly appreciated to keep the memories 'Green'!

HAPPY ANNIVERSARY RUN!

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Fred R. Green'. The signature is fluid and cursive, with a long horizontal flourish at the end.

FRED R. GREEN
Chairman
